WILL USE OUTER LOCK AT NO. 4 TOMORROW

Big Engineering Project of Government Practically Completed—Inner Lock to be Torn Out Beginning With Next Monday.

Tomorrow at noon the new outer lock at Lock No. 4 will be opened up for river traffic. Next Monday the inner lock will be closed, and the work of tearing out the lock started, providing the new lock works satisfactory.

At the first the new outer lock will be operated by hand power, while government men finish up the compressed air machinery that will eventually be used for the operation of the lock. To complete the installation of this machinery will require about ten days yet.

To build the outer lock has required two years and ten months. The exact cost is known only to the government people in charge, and probably they would have to do some estimating before they knew the total cost. Inasmuch as considerable difficulty was experienced in some of the work because of floods and the condition of the river bottom to begin with, the cost was greater.

The new lock will be of sufficient size to enable the largest towboats and largest barges to be locked through without the annoying and time-consuming method of locking only a small part of the tow at a time.

BECKER ELECTROCUTED; PROTESTS INNOCENCE

With a prayer on his lips and protesting his entire innocence of the foul crime with which he was charged, Charles Becker, known as the "king of the tenderloin" in New York city, was electrocuted this morning at Ossining, N. Y., at 5:55 o'clock. Before the execution he made a statement in which he emphatically denied his connection with the crime. He walked calmly to his death leading the procession, and when the current was turned on, died easily. He was calm all morning preceding his death and one of his last words was a word of honor to his wife who has stood with him through thick and thin.

STATE DECLARES TO BE FREE OF CATTLE DISEASE

At a meeting of the Pennsylvania Live Stock Sanitary Board at Harrisburg the entire state was declared to be free from foot and mouth disease and in the future there will be no restrictions upon movements of live stock originating and ending within the state, except from a few premises which are under special quarantine. Cattle and swine originating in federal closed exposed and modified areas continue to be forbidden to enter this state, but live stock from federal free and restricted districts may be brought here for immediate slaughter.

Philadelphia and Allegheny counties are still under federal quarantine and cattle can be shipped from them into other states only subject to federal regulations.

TWO TEACHERS ELECTED FOR HIGH SCHOOL BY THE BOARD

Miss Etta May Parker, of Scottsdale, Chosen English Teacher—W. & J. Man Extra Teacher.

Two teachers were elected by the school board at an adjourned meeting held in the high school building Thursday evening.

Miss Etta May Parker of Scottsdale, a teacher of experience in high school work has been selected as English teacher. She is a graduate of Wooster College in Ohio, and last June she received a master's degree at Columbia University.

Robert Whitten of Munhall, was elected an extra teacher for high school and selected to assist in the athletic work. He is a W. & J. college graduate, but has not had experience in the teaching line. He was active in football work at W. & J. and a member of the varsity basketball squad. Also he was a star track man at the county seat institution.

FIVE BIG MINES MAY RESUME NEXT WEEK

Pittsburgh-Westmoreland Workings May All be Started—Efforts Being Made to Land Big Contract That Will Mean Much for This Section.

Announcement is being made of the possible resumption next week of all the mines of the Pittsburgh-Westmoreland Coal company located in the Monongahela section. Though nothing definite has been given out, it is confidently expected that next week will see the five big mines of the company working in full.

The company is at present negotiating for a large contract which it has every reason to believe will be landed and if so, the order will come down at once for the resumption of work in full.

The mines of this company located near here are Acme at Bendleyville, Hazelkirk No. 1 and 2, Dusky and Schoenberger. Acme is running one or two days a week at present and Hazelkirk men are getting a day or so so occasionally, while Schoenberger has been doing fairly well. VanVorhis and Dunkirk, however, have been closed tight for more than nine months and if the word to start work comes, it will be a Godsend to hundreds of miners in those sections.

When these mines are working full it makes a material change in business conditions.

FIREMEN MAKE QUICK RUN TO EXTINGUISH CHICKEN COOP FIRE

A chicken coop fire was the reason this morning for a fire alarm that hastened the firemen to 928 Fallowfield avenue. The fire was at the coop of John Semolsky. Not much damage was done and no valuable poultry was destroyed. The firemen with the auto fire truck made a remarkably quick run.

Ben Goldstein former pupil of Dalmeyer Russell of Pittsburgh will take a limited number of piano pupils at one dollar per lesson. German and French spoken. Address Ritchey 415 Crest avenue.

BEN GREET PLAYERS PLEASE BIG CROWD

The biggest crowd that so far has attended any Chautauqua session was present at the Chautauqua tent Thursday evening to enjoy the performance of the Ben Greet players, who produced the Shakespearean drama, "The Taming of the Shrew." To get down to bottom, the facts of the play was remarkably well done and proved well the right to the reputation of the Ben Greet players as the best producers of Shakespeare in the world today.

Nothing was lost by the fact that the Ben Greet people appeared without scenery. They played the drama as nearly as possible under similar conditions to those which would have prevailed in Shakespeare's time.

The costumes were elaborate and appropriate and the acting able. In the way of personalities there would be a difference of opinion, but it would seem that the honors should go to Mary Marlowe for her superb characterization of Katherine, the shrew and to Leonard Craske for his characterization of Petruchio, the gentleman of Verona. The final speech of Katherine, with its anti-feminist tendencies was well done.

The Ben Greet players easily established themselves as headliners on the Redpath-Brockway circuit, and their return will be eagerly demanded should there be another Chautauqua field here next year.

Preceding the play a prelude concert was given by Stephen's Metropolitan Musical men, that to be perfectly frank, was not up to the mark established by previous concerts. They

adapted novelty music, but it didn't take. An attempted trio of piano, violin and musical glasses was lacking in the blending of tones due to lack of training of instruments. But their repertoire and concert work was good, and was much enjoyed.

Edgar F. Daugherty, who is the morning hour lecturer here this week delivered his lecture on "The Punch and Pull of Conscience." His treatise was full of good points relative to the power of conscience in keeping humankind straight.

Rev. Daugherty is considered a strong man on the Chautauqua circuit and his lectures are being enjoyed accordingly. This morning he spoke at the Chautauqua tent on "The Woman Who Gave Me." This followed the children's hour, at which time German folk-lore stories were told by Miss Eleanor Stevenson, who appeared in costume.

This is considered by the Redpath-Brockway people one of their big days in musical circles. The Alfred Miles Bergen company is giving a musical prelude this afternoon preceding a lecture on "International Peace" by Hon. James G. Stutesman. This evening the same company will give a grand musical entertainment. Tomorrow afternoon and evening the Sands' Regimental band will appear in concerts.

WONDERFUL RECORD IS MADE BY THE PENNSY RAILROAD OPERATES TRAINS SO THAT 90.7 PER CENT ARRIVE ON TIME—MONONGAHELA DIVISION NUMBERED AMONG THE LEADERS.

The Pennsylvania Railroad operated 69,306 passenger trains in the month of June, 1915, and 90.7 per cent of them arrived at their destinations "on time." Ninety-four per cent made the schedule time of their runs. A train may leave one terminal 5 minutes late, make its schedule time over a division and arrive at destination 5 minutes late. Any train not over two minutes late is counted "on time."

The Buffalo Division operated 971 trains in June and 98 per cent of them were on time. The Allegheny and the Monongahela Divisions had 96.8 per cent of their trains on time, while the Bellwood and Baltimore Divisions had records showing a fraction over 95 per cent on time.

Ninety-nine per cent of the passenger trains on the Bedford and Bellwood Divisions in June made schedule time, while the records for the Buffalo Division, Renovo, Allegheny and Tyrone Divisions showed that over 98 per cent made schedule time. Only one division was under 96 per cent.

The management of the Pennsylvania Railroad endeavors to make its schedules accommodate the greatest possible number of its patrons. It then does everything it can to see that its patrons are not inconvenienced by late arrival of trains. The records show there has been a steady improvement in the past year in the number of trains arriving on

time and making schedule time over the divisions.

The above records cover the entire Pennsylvania Railroad, the West Jersey & Seashore Railroad, the Philadelphia, Baltimore & Washington Railroad, the Cumberland Valley Railroad and the New York, Philadelphia and Norfolk Railroad.

Ben Goldstein Appears With Ben Greet at Chautauqua Tent, But Appetite for Bananas Nears Gets Him Into Trouble With Cash.

Though few knew it, when the Ben Greet players appeared at the Chautauqua tent Thursday night in their production of "The Taming of the Shrew," the cast included a Charleroi young man. This was Ben Goldstein who was engaged at the last moment to play a non-speaking part.

Goldstein had little to do beyond helping attend to such details as setting the table on the stage and shifting some of the scenery, but his appetite for bananas and fun-loving propensities nearly got him and the Ben Greet into a peck of trouble.

One of the scenes was that of a dining room. Bananas were used and there was an exact number for those at one table. Goldstein seized it. That left a deficiency in the number of bananas and naturally didn't please some of the Ben Greet who took him severely to task. That nearly proved his undoing.

Young Goldstein knew well the "The Taming of the Shrew" and got through his part in good shape.

CAPT. S. F. GILMORE DIES AT HOME IN PITTSBURG

Well known Riverman Falls Victim To Malaria Contracted While in Panama Canal Zone.

Captain Samuel Frank Gilmore, aged 37 years is dead at his home at 70 Natchez street, Mr. Washington. For several years he was a boatman on the Monongahela and three years ago went to the Panama Canal zone, where he captained a dredgeboat in canal work. He contracted malaria and returned home after two years, since which time he has been in failing health. He leaves his wife; his father and mother, Capt. and Mrs. Frank K. Gilmore of North Charleroi; three brothers, Captain James Gilmore who is serving an apprenticeship for a captaincy, and one sister, Miss Flora Bell Gilmore, who lives with her father at North Charleroi. Captain Oliver Gilmore, who was drowned with the sinking of the towboat Little Fred some years ago, also was a brother.

Mr. Gilmore was a member of the American Mechanics and a life member of the Master Mates and Pilots' Association of Pittsburgh and also of a member of the Methodist Episcopal church of Mt. Washington.

GUARANTORS PAYING CHAUTAUQUA DEFICIT

Pro Rata Share Amounts to \$11.68—Guarantors Apparently Not Favorable to Plan of the Redpath-Brockway.

Guarantors of this year's Chautauqua are today "forking over" \$11.68 each to make up the deficit of \$1180 which exists in the ticket sale guarantee of \$2,000 in the Redpath-Brockway attractions. The local people are making up the entire deficit which is larger than it was at first believed it would be. Each guarantor, according to contract and the decision reached at different meetings will be expected to make good his pro rata share, if he has not already done so. What he does with his tickets is a matter with which he is to be concerned.

A short meeting was held Thursday evening at the Chautauqua tent, and matters gone over relative to the adjustment of affairs. J. S. Duxbury, the Chautauqua superintendent presented the plan of the Redpath-Brockway bureau. This bureau agreed to "rebate" \$100 and carry half of the obligation over to another year, if the local committee will guarantee the sale of 750 tickets for a Chautauqua next year. This would in effect be a guarantee of \$1,500 and provisions would be made for the equal division of the gate receipts and after \$2,500 of a sale was reached for an equal division of the gross receipts.

The guarantors took no action on the Redpath plan, only went ahead toward the collection of the money to pay the deficit. Next Monday it is likely the matter of another Chautauqua for next year will be taken up.

The popular Majestic presents Francis X. Bushman and Beverly Bayne a high class program today and every day. Follow the crowd, "where all the nice people go."

MUCH ENTHUSIASM AT OLD TRAILS' MEETING

Highway Enthusiasts Gather at Summit House Near Uniontown to Discuss Matters of Improvement of The Old National Pike.

West Virginians played a prominent part in the Maryland-Pennsylvania-West Virginia National Old Trails Road meeting, held Thursday at The Summit House. The meeting was a sight of ground covered by George Washington in his first battle, 1754, the year in which he laid out the trail later broadened by General Braddock. Nearly 600 road enthusiasts motored up the mountain from points along the old pike to set on foot a movement to have the next congress designate the National pike as part of the proposed ocean-to-ocean highway.

Among the speakers were C. A. Robinson of Wheeling, president of the Automobile club, who represented West Virginia on the program and who dwelt in the part that state is playing in the highway movement. Congressman R. F. Hopwood of Uniontown, who presided. State Senator W. E. Crow; Hon. Wooda N. Carr; James Hadden, the National pike historian, who had an exhibition a bust of Washington carved from a wild cherry tree at Fort Necessity; Prof. John K. Leach of Washington, Pa., John M. Carey and others.

Resolutions commending Pennsylvania, West Virginia and Maryland for their enterprise in improving the highway were adopted unanimously, also resolutions approving the bill of the first of a series, one or more of Committees were appointed to see that every Representative in Congress and United States Senator in the three States receives a copy of the resolutions and the endorsements.

The meeting was designed to be the first of a series, one or more of which will, it is said, be planned for West Virginia cities or towns.

COLLEGE MEN HURT IN AUTOMOBILE ACCIDENT

William Brown, aged 18 of Greensburg was probably fatally injured, and Jacob Truxel, Jr., Richard Cope, Richard Wible, Harry Blansett and Jerome Kilgore, all more or less injured when an automobile at Valenciennes in Butler county, was overturned Wednesday. The young men were from Greensburg and all are known here, most of the five being State college men. Cope has a relative in Charleroi.

Callahan Would be Congress—Edward Callahan of Charleroi, who tried to procure the Democratic nomination for President of the United States when Woodrow Wilson was nominated, is willing to be a candidate for congress in the twenty-fourth district. He has prepared a platform, it containing several realistic planks.

Sheriff's Sale.

By virtue of a writ of Levam facias, sur Mortgage, issued out of the Court of Common Pleas of Washington County and to me directed, there will be exposed at Public Sale at the Sheriff's Sale Room in the Court House, Washington, Washington County, Pa., Saturday, the

14th day of August, 1915, at 1:30 o'clock p. m., of said day, the following described real estate, viz: All the right title and interest of Martha J. Nutting, Samuel T. Nutting, Samuel Nutting, Jr., and Mary Davis, in and to all those certain pieces or parcels of land situated in the Borough of Twilight, County of Washington, State of Pennsylvania in a sub-division of the eastern part of land of John H. Reed and known on plan of sub-division as Lots Nos. 5, 6, and 7. The said pieces of land are described as follows: Beginning at the corner of lands of the heirs of W. G. Sphar. Also land of Speers and McKean and extending north twenty-eight degrees and thirty minutes (28 deg. 30 min) West, the distance of forty-three and one-half (43 1-2) feet; thence south sixty-one degrees and thirty minutes (61 deg. 30 min) West one hundred feet; thence South twenty-eight degrees and thirty minutes (28 deg. 30 min); East ninety feet; thence North sixty-one degrees and thirty minutes (61 deg. 30 min) East one hundred feet;

thence extending north twenty-eight degrees and thirty minutes (28 deg. 30 min.) West, forty-six and one-half (46 1-2) feet to the place of beginning. Being a sub-division of the land purchased from Thomas C. Redd and John H. Redd and the same piece or parcel of land which the latter by his deed dated the 20th day of February A. D. 1904. (recorded in the Recorder's Office of Washington County, in Deed Book Vol. 304 Page 349) granted and conveyed unto Martha J. Nutting. Taken in execution as the property of Martha J. Nutting. Samuel T. Nutting, Samuel Nutting, Jr., and Mary Davis at the suit of James J. Hott.

Climate Failed; Medicine Effective

Sufferers from Tuberculosis often think that medicine will not help them. Breathe air, regular habits and good food aid in restoring health, but more is often needed. Many have been restored to health by Eckman's Alternative. Read this—Weldon, Ill.
"Gentlemen:—Through your instrumentality I have been saved from a premature grave. In December, 1904, I was taken with Tuberculosis, which developed into Tuberculosis thymus (I was told). In February, 1905, I went to Fort Worth, Texas, and later to Canon City, Colorado. After being there two weeks my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 103 pounds, the doctor having given me no assurance of reaching there alive. On July 14, 1905, I began taking Eckman's wonderful remedy for Lung Trouble. Now I am stout and well and can do any kind of work about my grain elevator." (Abbreviated).
(AMERICAN) ARTHUR WEBB, Eckman's Alternative is efficacious in bronchial catarrh and severe throat and lung affections and up-building the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Small size, \$1; regular size, \$2. Sold by leading druggists. Write for book of recoveries.

WOMAN IN BAD CONDITION

Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Montpelier, Vt. — "We have great faith in your remedies. I was very irregular and was tired and sleepy all the time, would have cold chills, and my hands and feet would blot. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have all left me. You can use my name if you like. I am proud of what your remedy have done for me." — Mrs. MARY GAUTHIER, 21 Ridge St., Montpelier, Vt.

An Honest Dependable Medicine
It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for nearly forty years, and to-day hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Decorating Church.

The ladies of the First Presbyterian church are this week having the interior of the church redecorated, Chauncey Collins having the contract for the work. Next Sunday morning the Sunday school will be held at the Chautauqua tent in The Pines at 9:45.

IS WORLD'S GREATEST CHOIR

Cathedral of Alexander Nevski, in Petrograd, Said to Have Finest Body of Singers.

In many departments Russia has proved herself the greatest of all countries. Her dancers are the world's finest, her novelists are certainly among the world's greatest novelists, her Cossacks—ask the Austrians!—are the world's fiercest fighters.

She also possesses the world's finest choir. This is in the cathedral of Alexander Nevski, in Petrograd, and is attached to a convent erected in honor of the patron saint of Russia. It consists of about thirty members, all monks, chosen from the best singers in all the Russian monasteries.

Their voices are amazingly sweet and strong, and every member of the choir can, it is said, shatter an ordinary glass into fragments merely by singing into it, so powerful are the vibrations of each voice.

These monks are trained as rigorously as any opera singer, and their whole duty at the monastery is to assist at the mass in the morning and vespers in the afternoon. When too old for service they are retired on pensions.

Unlike most monks, they are exceedingly fastidious about their appearance, and every night put up their hair and whiskers in paper.—Montreal Herald.

Potato Flour.

Experiments carried out by a Danish medical man seem to show that potato flour, which is now largely used for breadmaking in Germany, has strong nutritious properties. In order to prove that albumen is not essential to the maintenance of the human system, Doctor Hindede has since 1895 lived for months at a stretch on potatoes for his staple diet, flavored only occasionally with butter and milk. He further induced his gardener, Frederick Madsen, to live on potatoes for 300 days at a stretch, his average consumption being nine pounds a day. During the experimental period Madsen was so closely watched that his master can vouch that he tasted no other food, yet the diet left him stronger than he had ever been. But what a life!
